CITY REGULAR

Tried to Break Into the City Calaboose But He Wasn't Drunk or Disorderly The Cops Wouldn't Let Him.

For the first time in many moons two mornings have passed away in succession at police headquarters without the regular session of police court. When the police drag net was examined Tuesday night after the day's work it was found to be empty again. Mayor Crile was again disappointed when he put in an appearance at the usual hour to preside at the session. One regular drunk tried to break into the coop, probably on account of the cold weather, but as he was not drunk nor transgressing on any of the laws of the municipality, the officers wouldn't let him get in. Other than this single incident city hall has been an absolute blank for the past 48 hours.

Tendency of the Times.

The tendency of medical science is toward preventative measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by G. C. Stone, druggist.

NINE

Were Killed in the Collision on the Canadian Pacific Railroad, at Sand Point, Ontario.

Ottawa, Ont., Feb. 10—The collision at Sand Point on the Canadian Pacific Railroad yesterday caused the death of nine persons. Engineer Joseph Jackson, Express Messengers Robertson and Thompson, News Agent McMillen and five passengers in the second class car, whose names have not been ascertained, were the ones killed. Twelve of the passengers were injured.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and quick healing liniment for cuts, bruises and burns. For sale by G. C. Stone, druggist.

DAUGHTER

Is Taken to Hospital Where Her Mother Lies Ill—Hand of Affliction Falls Upon Family of J. W. Dodge.

The hand of affliction has fallen heavily upon the family of J. W. Dodge. Mrs. Dodge is a patient at the City Hospital, just recovering from a serious operation and Tuesday afternoon, Louisa, her nine-year-old daughter, was taken to the same institution suffering with an attack of fever. The many friends of the family trust that both patients will recover soon and will be able to leave the hospital within a short time.

Cut this out and take it to G. C. Stone's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

Seminary is Bequeathed \$1,000 by S. B. Blair Who Died at Moundsville Last Week.

The will of the late Attorney S. B. Blair, who died at his home in Moundsville last week, has been filed for probate in the Marshall county court. The only special request was that one thousand dollars be given to the West Virginia Conference Seminary, at Buckhannon, and other small amounts to the church and other charitable institutions. The balance of the estate will be divided among the relatives. A peculiar feature is that his wife and child were not mentioned in the will.

PRETTY SAFE RULE TO GO BY.

When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of every 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their beginning in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life is Dr. Gunn's Improved Liver Pills. They are sold by all druggists for 25c. per box. One pill is a dose. These pills put all the digestive organs in good condition so that disease has no basis to work upon. Sold by Stone & Mercer.
